

EDUCATION

Bachelors in Humanities, English 2015
Brigham Young University, Provo, UT

CERTIFICATES & RECOGNITION

Elearning Instructional Design Certification
(ATD) Association for Talent Development

Agile Scrum Master Certification
Cape Project Management Inc.

Manager Essentials Certification
Leidos Management Essentials Program

SKILLS & EXPERIENCE

- Gamification & Branching Logic
- Accessibility / WCAG / 508 Compliance
- Scenario-Based Training Simulations
- Instructional Design
- Agile Methodology & Scrum Master
- Asset Creation & Presentation Design

HOBBIES & INTERESTS

Roleplay
Gaming DM

Cat Herding

Culture &
Folklore

Jaden Terrance

Learning & Development Specialist, Brussels BE

I am a learner-first Learning & Development professional with 12+ years of experience designing impactful, engaging, and authentic training solutions for global enterprises, Fortune 500s, and government organizations, including NASA, the Federal Aviation Administration, Leidos, and Microsoft. I specialize in transforming bare-bones ideas into full-fledged eLearning modules, microlearning, virtual training programs, instructional videos, SOPs, and interactive assessments, always prioritizing clarity, accessibility, and learner engagement.

RELEVANT WORK HISTORY

Microsoft

Clients: MICROSOFT, DXC, OXYGEN LEARNING
Learning & Development Specialist
May 2025 - Jan 2026 Contract

- **Microsoft:** Designed a mobile-first, dialogue-based training simulation using Storyline and Figma for Microsoft's CoPilot innovation team. Delivered to the Chief Diversity Officer.
- **DXC:** Modernized dense executive-facing presentation decks into high-impact, visually structured experiences using modern graphic design principles.
- **Oxygen Learning:** Developed modular visual presentations for project overviews, workflows, and strategy roadmaps for client project proposals.

PAYLOCITY – Instructional Designer (via LaSalle Networking)
May 2024 – July 2025 Full Time, Contract

- Developed interactive training systems for HR, Sales, and Customer Service audiences using Articulate Rise.
- Reduced content duplication and update time across 700+ courses by launching Paylocity's first unified eLearning taxonomy.
- Used javascript to program custom features into Storyline courses such as personal feedback downloads and printing student notes taken during training.
- Applied gamification logic to support user flow clarity, knowledge retention, and repeat-use systems.

Jaden Terrance

Learning & Development Specialist

RELEVANT WORK HISTORY (CONTINUED)

DEFENSE LANGUAGE INSTITUTE FOREIGN LANGUAGE CENTER – eLearning Developer (via Tipping Point Solutions, Inc.)
December 2024 – April 2025 Full Time

- Developed language learning simulations for international military teams using code-driven interactivity and high accessibility standards in Adobe Captivate and GitHub.
- Built secure, SCORM-compliant Storyline/Captivate modules in Chinese, Korean, and Spanish with gamified flow control and challenge tiers.
- Collaborated with SMEs to ensure cultural authenticity and emotional tone matched learner needs.

LEIDOS – Senior eLearning Developer / Technical Trainer
June 2019 – March 2024 Full Time

- Institutionalized accessibility across Leidos' training department by creating Leidos' first practical 508 training program and developer reference suite.
- Created an executive-facing template for NASA's Advanced Air Mobility program introducing pilotless drones and aircraft for short-flight delivery and transportation.
- Built over 60 courses, delivering the FAA's highest-rated training through instructional design principles and modern eLearning design best practices

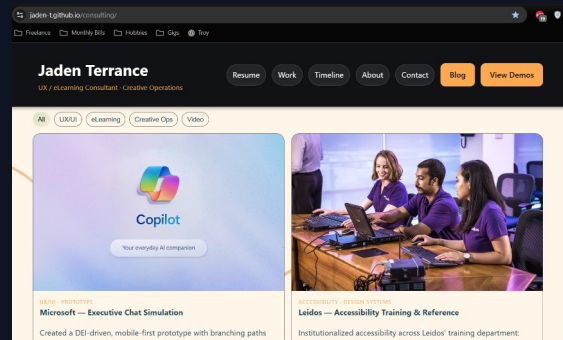

RELIAS – eLearning Developer
June 2016 – February 2019 Full Time

- Built 360° simulations and branching decision paths for nurses and PhD-level clinicians.
- Designed emotionally complex soft-skill simulations for clinicians in hospice, wound care, and obstetrics.
- Created 508 Accessibility training and instructional design principles references for the training department
- Applied narrative UX and accessibility to support trauma-informed design and inclusive emotional responses.

TOOLS PROFICIENCY

Articulate Storyline, Adobe Creative Suite, Figma, Synthesia, 7Taps, JavaScript / HTML / CSS, Canva, Workday, LMS / SCORM, ChatGPT, Claude, Gemini, Moodle, Blackboard

GAMIFIED LEARNING PROJECTS

- Executive Chat Simulation (Microsoft)**
Branching DEI training prototype for inclusive leadership.
- Hospice Ethics Training (Relias)**
360° simulation with emotion-driven decision paths.
- FAA Navigation Redesign (Leidos)**
Interactive training system with consequences and GUI logic.
